

West Wallsend High School Vision 2021 – Video

Transcript

When you walk through the gates at West Wallsend High School, people talk about a feeling, a 'vibe' that they get, a sense of belonging, a sense of community. The teachers are passionate, committed, diligent, caring. Our kids love to learn and we want them to feel that sense of belonging, so school feels like a second home for them.

We belong. Every student, every teacher. We feel like we are part of something special.

We achieve. We have high expectations and always strive for our personal best in everything we do.

We connect with our culture. Our school sits on the land of the Pambalong of Awabakal Country. We appreciate and embrace our history, heritage and identity.

We aspire. Goals help us to be the best version of ourselves, to try new things, to challenge ourselves and excel and succeed.

We exceed potential. As learners we aim to grow, progress and achieve learning something new every day.

We are partners in learning. Relationships are at the heart of what we do. Teachers, parents, carers and students work together as part of a shared learning community.

We design our own future. Through respect, responsibility and excellence we are learning all the tools to pave a pathway for a successful future.

We learn for life. *Repeated 8 times*
